INNOVA's Capabilities

Our firm comprises a team of expert IT solutions strategists—including Microsoft Most Valuable Professionals (MVP's) and Microsoft Certified Masters and Architects (MCM/MCA) —who can serve as advocates for your organization by providing strategic IT road mapping and building applications and custom solutions to fit your needs and move your agency forward.

Our specialists utilize Microsoft platforms including Microsoft Office 365, Microsoft Dynamics 365 CRM and ERP, Microsoft Teams, and SharePoint, and we specialize in custom application development.

Secret Clearance Background

INNOVA has active Secret level clearance from the DOD and is working towards obtaining Top Secret clearance.

What We Do

Business Applications

INNOVA specializes in implementation of Microsoft Dynamics 365 solutions including ERP & CRM.
